

**Best Pearl
Food**

**Aseptic fruit cube,
we are best!**

Best Pearl Food(Tianjin)Co., Ltd.

We are the first and invention manufacturer in China to produce diced lichee, and diced pineapple packaged into aseptic bag. We are a manufacturer specialized in various kinds of diced fruit such as diced lichee, diced pineapple, diced aloe, etc.

Lichee in syrup

Application: Ice cream, Salad, Food additives, Juice, Wine, Cake decoration, Can ,etc.

Lichee is the best welcomed fruit in China and around the world, but it' s difficult to keep for long time because of temperature sensitive. With the top processing and aseptic bag packaging, now the shelf life is more than 12 months, it can be enjoyed all year, not only in the harvest season. We are the first producer to provide lichee product in China and in the world.

The taste of our final fruit cube is more near original taste. The fruit cube is hard, fresh and not too much damaged by heating processing.
